Teddy Bear Cut

#4 GUARD · 13MM · ROUNDED MUZZLE

A variation of the puppy cut where the legs are left slightly thicker and blended, and the head is hand-scissored into a perfect round sphere.

Lamb Cut

#7F BODY · #6 GUARD LEGS

A style where the body and neck are clipped short, while the leg hair (furnishings) is left longer and blended smoothly into the body coat to mimic a lamb's silhouette.

Schnauzer Cut

#7F BACK · 3MM · SKIRT LEFT

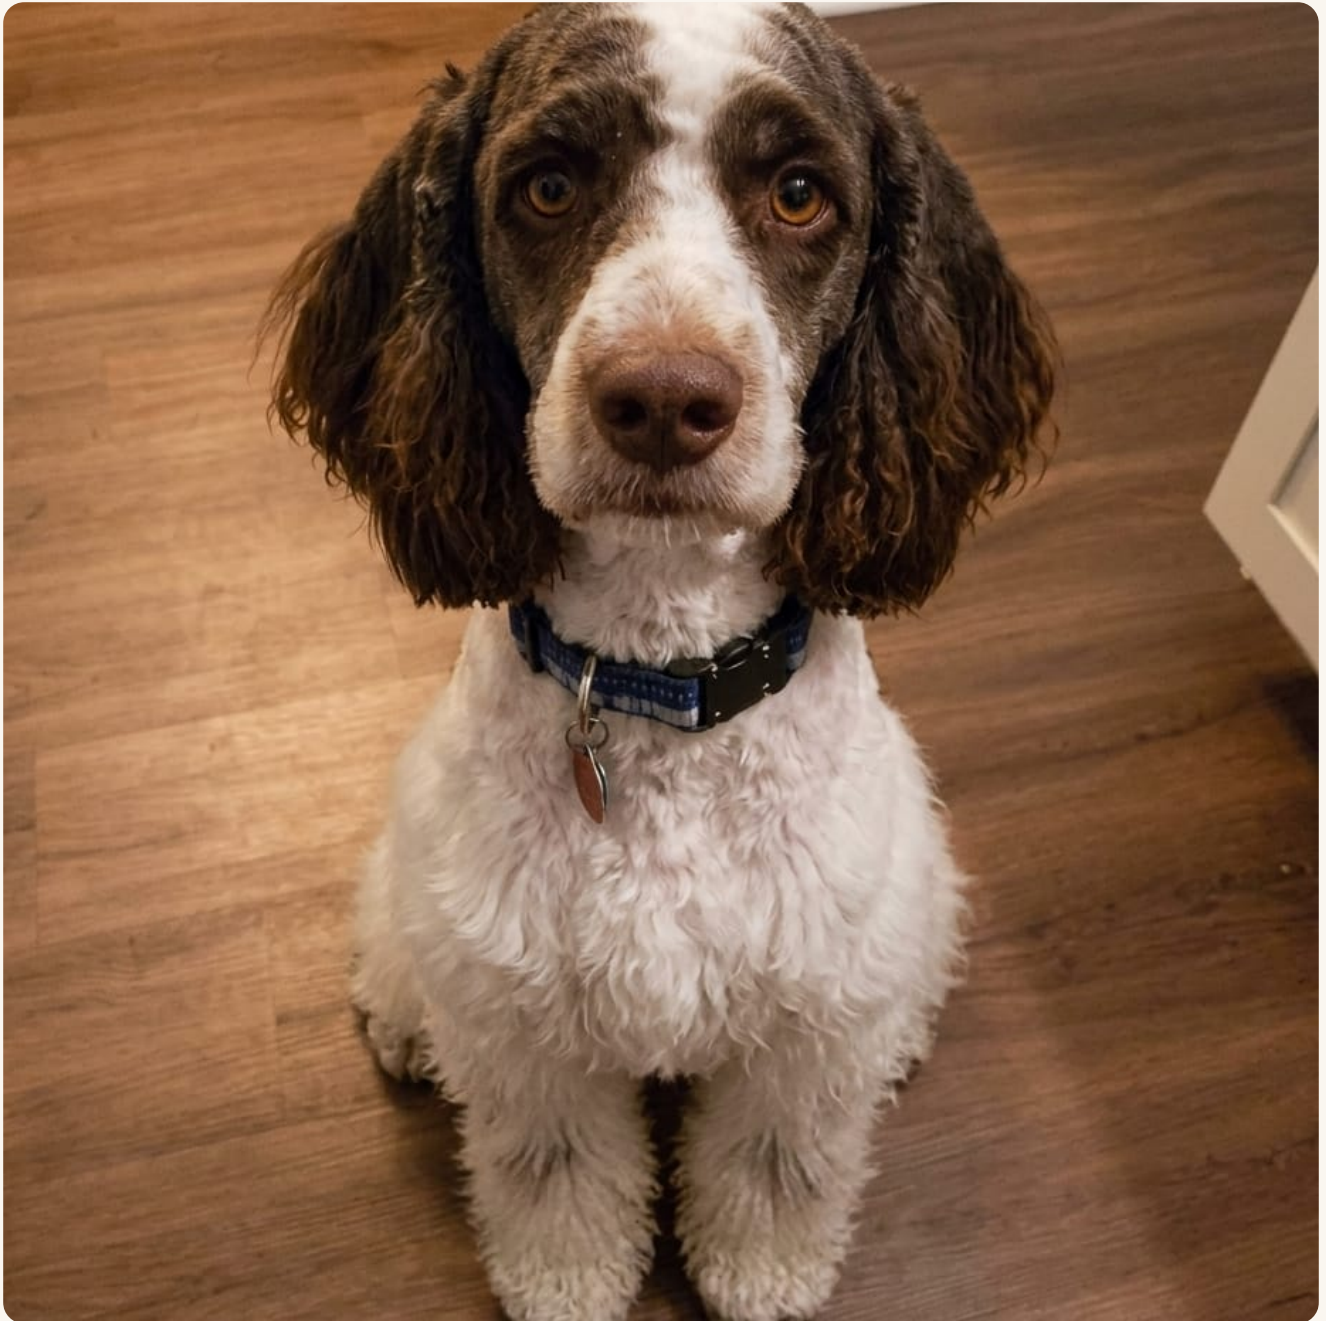

A traditional pattern featuring a shaved back and neck, a long blended skirt along the lower body, full leg furnishings, a rectangular beard, and sharp eyebrows.

Westie Cut

#7F JACKET · 3MM · ROUND HEAD

The back is clipped short and blended into a styled skirt on the undercarriage, while the head is scissored into a round, flat-faced chrysanthemum shape.

Cocker / Spaniel Cut

#7F BACK · 3MM · FEATHERED LEGS

The back is shaved flat, blending into a long, luxurious skirt along the lower body, paired with heavily feathered legs.

Miami Cut (Clown Cut)

#10 BLADE · 1.6MM · ANKLE BRACELETS

The body, face, and feet are shaved close, leaving rounded hand-scissored pom-poms (bracelets) on all four ankles and a matching pom-pom on the tail tip.

Town & Country Cut

#5F BODY · 6MM · BACK BLANKET

The neck, belly, and thighs are shaved close, while the head, full legs, and a 'blanket' of longer coat across the back are left longer and scissored neat.

German Cut

#6 GUARD · 19MM · SHAVED EARS

A sporty Poodle cut where the ears and face are shaved clean, but the body is left in a neat plush jacket with full, straight-shaved legs.

Outline Trim (Silhouette Trim)

NO CLIPPER · RAKE + SCISSOR

Used on double-coated breeds; the undercoat is deshedded, and scissors are used strictly to neaten the outline of the chest, rear pants, tail, and feet without shaving.

Hand-Stripping (Texture Standard)

NO CLIPPER · HAND-STRIPPED

A non-clipper technique where dead, wire hair is plucked out by hand to preserve the hard, weather-resistant texture and rich natural color of terrier coats.

Asian Fusion

#3 GUARD · 10MM · CYLINDER LEGS

A highly stylized, artistic cut featuring extremely short, tight muzzles, large rounded cheeks, and legs shaped into dramatic bell-bottoms or cylinders.

Continental Cut

#15 BLADE · 0.5MM · HIP ROSETTES

Classic show-ring Poodle cut featuring shaved hindquarters, face, and feet, with large hand-scissored rosettes on the hips, pom-poms on the ankles/tail, and a massive chest puff.

English Saddle Cut

#15 FACE · SCULPTED HIND BLANKET

Similar to the Continental, but the hindquarters are covered in a sculpted, short blanket of hair with curved crescent air-gaps scissored in over the hips.

Bichon Show Cut

SCISSOR ONLY · BLENDED SPHERE

A highly technical hand-scissored cut where the neck is elongated, the body is sculpted to look robust, and the head is blended seamlessly with the ears into one massive white sphere.

Kennel Cut (Utility Cut)

#5F BLADE · 6MM · UNIFORM

A uniform shave-down using a single short blade (typically #5 or #7) over the entire body, leaving only the head and tail slightly styled for low maintenance.

Puppy Cut

#4 GUARD · 13MM · EVEN

A uniform, medium-length clip (typically 1/2 inch to 1 inch) using attachment combs across the entire body, preserving a soft, youthful, fluffy appearance.

Summer Cut

#5F BLADE · 6MM · SKIN COVERED

A very short body shave to keep the dog cool during hot months, while leaving the head, tail, and ears styled to preserve the dog's distinct breed look.

Lion Cut

#10 BLADE · 1.6MM · MANE FULL

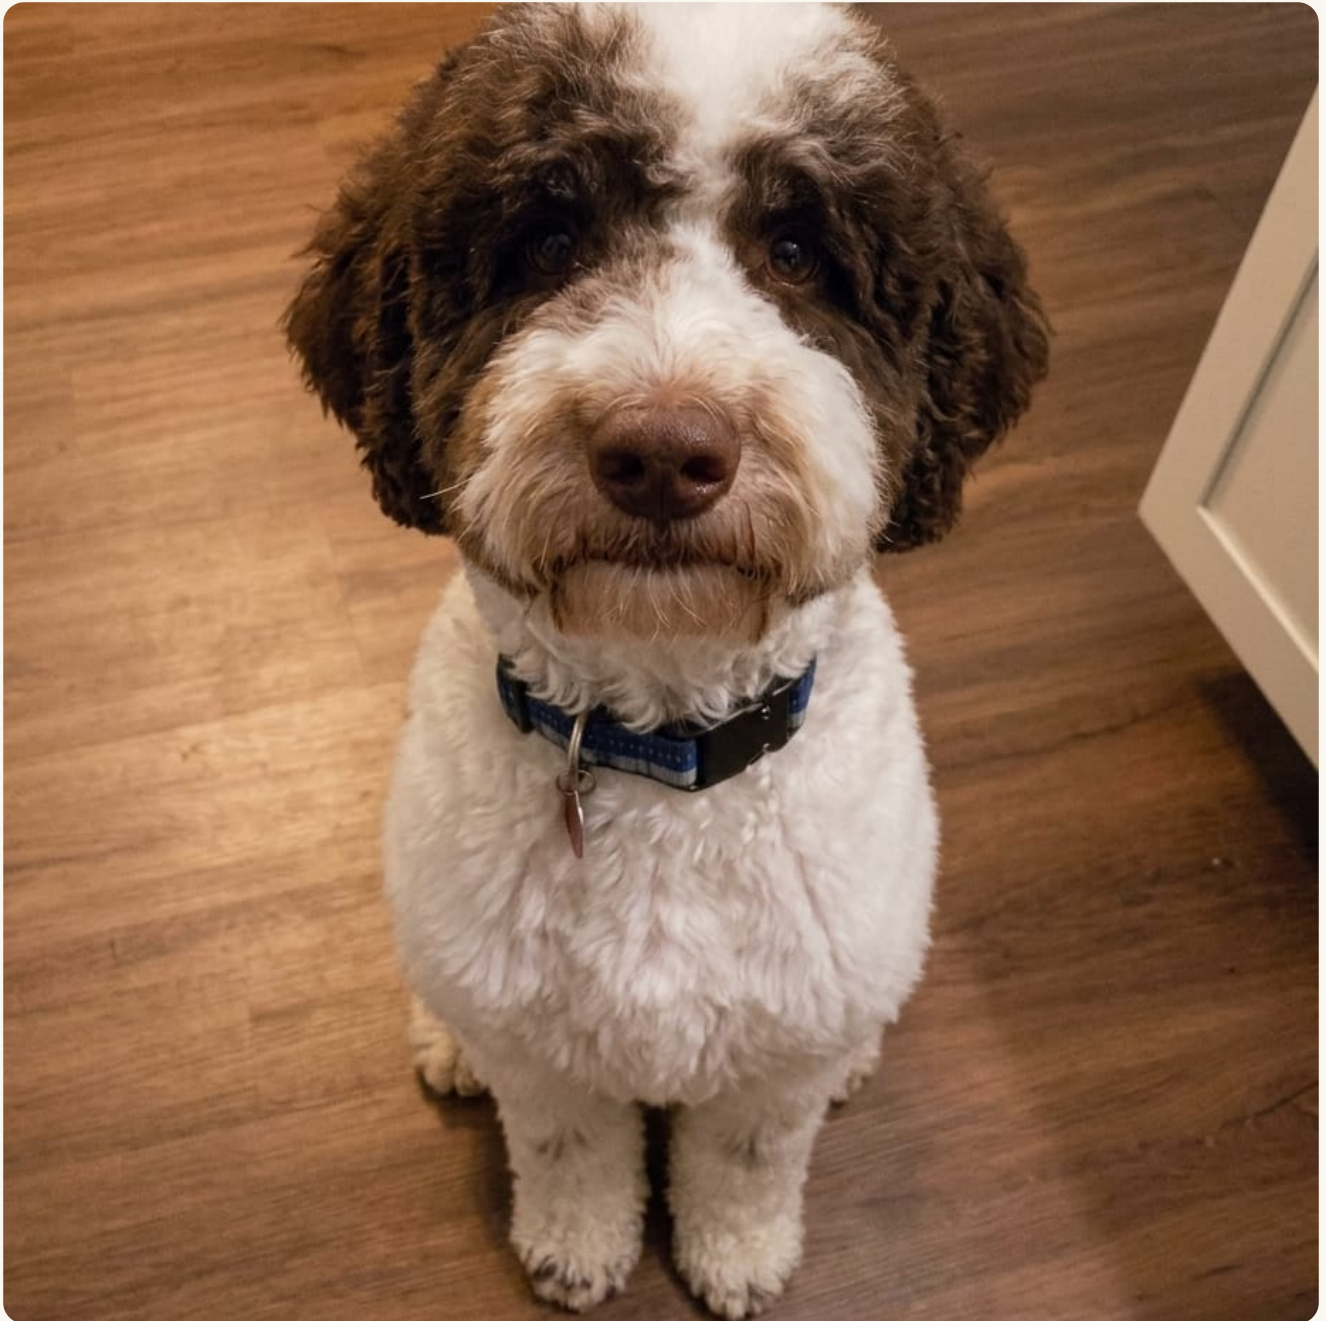

The body is shaved close to the skin from the ribs back, leaving a massive, sculpted 'mane' around the head, chest, and neck, along with a pom-pom on the tip of the tail.

Sporting Cut

#4F BLADE · 10MM · NATURAL CONTOUR

A neat, low-profile utility trim that follows the natural athletic contours of the dog, ideal for active, working retriever and spaniel breeds.

Plush Doodle Cut

#8 GUARD · 25MM · UNIFORM PLUSH

Designed for curly/wavy mixed coats, using long guard combs to leave a soft, uniform, dense coat that is hand-blown and fluffed.
